Where Climate Is Best

VOLUME LXXV | THE TIMES-GAZETTE, REDWOOD CITY, CALIFORNIA, FRIDAY, MAY 29, 1942 | ESTABLISHED IN 1859

A campaign is being conducted in the Para district of Brazil to purchase planes for civilian pilot training, the Department of Commerce says.

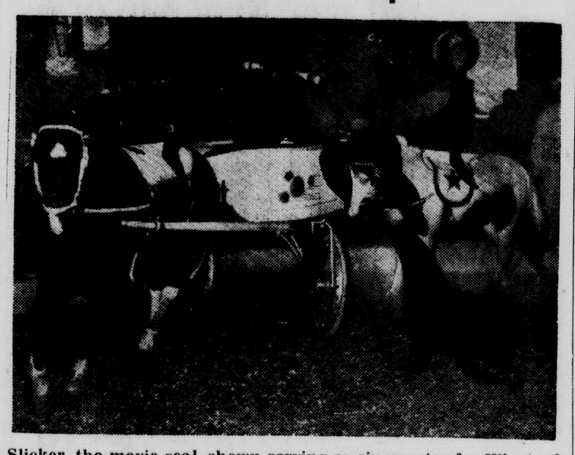
In 1859, the University of Toronto leased a large tract of land to the city on a 999-year term for the sum of five shillings annually.

U. S. Navy Issues Call For More Machinists

The United States Navy today issued a call for machinists to service the thousands of new naval planes which are going into action.

Machinists may qualify for petty officer ratings in the navy air corps. Further details may be obtained from the recruiting sub station at the court house in Redwood City or at any navy recruiting station.

Slicker of Film Fame Is Star Of Circus Sea Lion Troupe



Slicker, the movie seal, shown serving as ringmaster for Winston' Equestrian Sea Lions, featured with Russell Bros.' Circus.

Performing on the back of cantering ponies what ordinary trained seals are content to achieve on solid ground, Winston's Equestrian Sea Lions lay undisputed claim to that frequently overworked term, "world's only."

This unique trained animal exhibition holds center-ring billing with Russell Bros.' Great 3-Ring Circus which is to appear at South Broadway and Chestnut St. in Redwood City Tuesday, June 2.

Slicker, the ringmaster of the troupe, is termed by his trainer, H. W. Winston, as the smartest seal ever to gulp a fish. In fact, he's so smart Winston cannot understand how he ever got tangled up in a fish net off the coast of Monterey a little more than four years ago. Winston bought him from the fisherman who hauled him out of the ocean with a catch of halibut. And it wasn't long before he stood out in the Winston herd like a wart on a debutante's nose.

Slicker is rated as a topflight actor by Henry Hathaway, the film director. Slicker has played in a number of pictures, "Spawn of the North" and "Fisherman's Wharf" among them. Hathaway calls him "One Shot" Slicker because he never muffs a part and the camera only has to roll once for a perfect performance.

Winston has toured the world with his sea lions. This season he is making his first tour with an American circus because war conditions cancelled his bookings abroad.

This act is considered "tops" by discriminating circus-goers, and so are many of the other 1942 features of the Russel Circus — Jorgen M. Christiansen, with his Argentine Criollo horses; the Seven Skyrocketing Escalantes in breath-taking exploits on the flying trapeze; and the Sensational DeWaynes in whirlwind acrobatics, to mention only a few.

Performances are given twice daily at 2 and 8 p.m. Doors to the menagerie and big top open one hour earlier.

Judge Urges Confiscating Small Arms

Pointing to two recent killings in San Mateo by small arms, Superior Court Judge A. R. Cotton today had recommended that the government take up such guns.

The judge made the recommendation in juvenile court Monday afternoon when he determined that the shooting of 14-year-old William Watmough of San Mateo in a sham battle by a playmate on May 15 with a .22 calibre rifle was accidental.

The judge also pointed out that William Lee Fuson, slain in a Daly City apartment Apr. 26, was the victim of a .22 calibre bullet.

He declared that such weapons should be taken up to conserve lives and ammunition, and be placed to some useful task in time of war.

The judge lectured the two San Mateo boys, who with Watmough, engaged in the sham battle, firing real bullets at each other from behind barricades. He ordered all three rifles confiscated.

The two other boys were Louis Merzario, 15, and James Morgan, 15, both of San Mateo.

San Carlos To Start New YMCA Boys' Club

SAN CARLOS—A new YMCA boys' club will be organized under the direction of George Ybarreta Saturday morning in the San Carlos Recreation building.

Open to boys between the ages of 12 and 15, inclusive, the club will meet weekly in a room set aside for them in the building and will engage in a program of craft, sports and outdoor work.

Boys interested in joining the club were urged to attend the organization meeting at 10 a.m.

When Will I Buy a War Bond?

By John Jobholder

Would I swap nickels with Uncle Sam?

I'll say I would!

To help save my country?

I'll say I would!

And at a profit to myself in the long run?

I'll say I would!

Well, as I figger it, THAT is exactly the terrific "sacrifice" that Uncle Sam asks me to make when he asks me to buy more war bonds.

I'm asked to trade one kind of government money for practically another kind of government money and I get a third more on the deal if I hold on ten years. And it's supposed to be a favor from me to Uncle Sam!

But some of us don't even buy bonds. We don't because we don't take the bonds seriously enough, because we just don't make the move, or maybe because we'd rather have some fur with the money.

And, forgettin' the patriotism a minute, this bond buying is about the smartest thing I can do from a strictly selfish standpoint. After the war boom there may be rainy days, and those bonds may come in awful handy when the sprinkle starts.

When'll I buy some war bonds? There's my trouble. I'm always postponing.

The one sure way for me to buy bonds is to pledge myself somewhere right now, this minute—with my employer or the bank or somebody—to take a certain amount every pay day before I do something else with the dough.

J-M FAMILY ALBUM

Fire watcher—At the left is C. Passerello, Defense Coordinator at J-M's Watson (Calif) plant, giving final approval to a fire watcher's station. These stations are placed at strategic points throughout the plant and are equipped with dry sand, shovels, buckets, noses and other apparatus for fighting fires from incendiary bombs. Mr. Passerello is a foreman in the Rock Wool Department.

1200 J-M Men In Army, Navy

As Uncle Sam builds up the greatest fighting machine in the world, more and more men from Johns-Manville's plants, mines and offices in the United States are answering the call to the colors. In the last two months about 200 men left Johns-Manville for the armed services.

At present more than 1200 Johns-Manville men are serving in the Army, Navy, Marine Corps and Coast Guard.

Nelson Praises Johns-Manville Production Drive

Johns-Manville's new War Production Drive has received the wholehearted endorsement of Donald M. Nelson, chairman, of the War Production Board. In a recent telegram sent " to the employees of the Johns-Manville Corporation" Mr. Nelson said:

"The manner in which the men of Johns--Manville have launched their war production drives is most encouraging. Nearly all of your products are being used to help win the war. I know I can count on you to continue your good work."

At present about 80 per cent of Johns-Manville's production is used for war purposes.

Many proposals to increase war production have been submitted by Johns-Manville employees and have met with the approval of the War Production Drive Committees which are handling the drive at J-M's plants throughout the United States. The committees are composed of representatives of employees and management.

Most of the 1200 products which Johns-Manville manufactures are being used by the Army, Navy and every important American industry engaged in war production. J-M is also operating a huge ordnance plant in the Midwest for the government.

Decoration Day Finds

Take time off—relax Decoration Day! And whether you're staying at home—or going away—catch some sunshine anyway! Slip into slacks and relax—hop into overalls and get down to serious gardening—or picnic in a playsuit! We've rounded up all the playtime togs you need, smart, sturdy washable clothes that will stand plenty of wear and tear now—through Summer. Prices? Definitely down-to-earth!

Floor Dirt Yields Metal

Cooperating in the national drive for reclamation of scrap metals and other materials vital to the war effort, the Southern Pacific Company has intensified its salvage program to such an extent that even the metal from dirt off the foundry floor is now being reclaimed, it was made known today by J. H. Whitehead, Redwood City agent.

John R. Davidson, supervisor of foundry operations at the Sacramento shops, perfected the new process, whereby masses of floor sweepings, slag, skimmings and ashes collected from the floor of the brass foundry are converted into valuable "pay dirt."

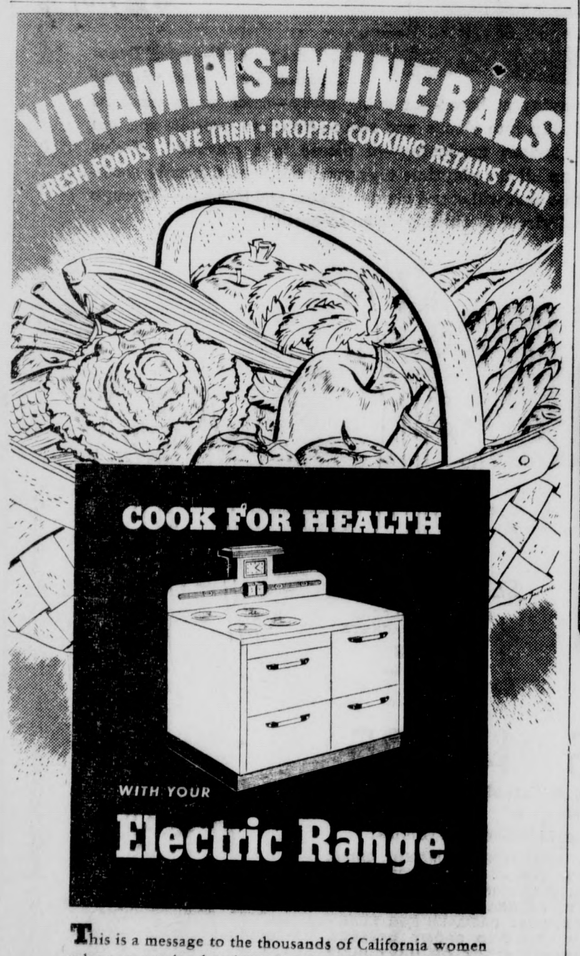
After the dirt has been screened to remove any large particles of metal, it is dumped into a grinding machine. From there it goes to a concentrating table, where it is washed by a process similar to the "cradle" method used in gold mining. Washing separates metal from dirt, with a resultant average metal yield of 80 per cent. The reclaimed metal is melted and cast into ingots and after it has been analyzed at the shops laboratories to determine the content of lead, tin, copper and zinc it is remelted and used for castings.

Several other methods of salvaging and reclaiming metals and materials have been devised recently by Southern Pacific as part of a system-wide scrap drive. The scrap program is under the supervision of the stores department, with every department of the railroad cooperating.

Tanforan Japanese Pay $25 Fines

Eight Japanese from Tanforan Assembly Center jailed on charges of playing stud poker in the once-elite race track clubhouse Tuesday were returned to their assembly center with a stern warning from Judge John J. Fahey in Daly City that they face imprisonment next time.

They all pleaded guilty in court Tuesday morning and were fined $25 each. The judge suspended the fines.



This is a message to the thousands of California women who now use the electric range. It is a good and faithful and durable servant in your home. Take care of it. Study again the instruction book that came with your electric range. Save electricity and save your range by cooking at proper temperature and exact cooking time. Unnecessary high-heat wastes kilowatts. Overcooking wastes electricity and destroys nutritive values in foods.

You, as an electric range user, have practiced nutritional cooking for years. You have, for example, cooked vegetables with little water over the glowing coils of electric heat. Your family and your dinner guests know that foods so cooked are tastier. And because foods so cooked are not pot-watched and stirred they are whole and wholesome in nourishing vitamins and minerals.

The correct care and use of your electric range will be a contribution toward winning the war.

New Follies Shows in S.F.

Acclaimed nationally as "Public Entertainment No. 1," the fabulous Ice Follies has come back home to San Francisco and is now playing nightly at Winterland for a limited engagement.

Bigger and more brilliant than ever, the dazzling ice revue is being seen in an entirely new edition.

New stars have been added to the already star-studded cast, which has delighted thousands here during the past three years. Routines are new, music is new and all of the acts are new. There are now one hundred and three skaters in the show.

Shipstad and Johnson have blended into their Ice Follies of 1942 the beauty and gaiety of a royal court, the fun and frolic of a circus, the fantasy of dreams, the excitement of a Mexican fiesta and the masterful skill of the world's greatest ice skaters.

Producer-stars Eddie Shipstad, Oscar Johnson and Roy Shipstad again head the cast, with all new presentations. Beauteous Bess Ehrhardt is again being starred, as are Ruby and Bobby Maxson, Papez and Zwack, Osborne Colson, Fran Claudet, the McKellen brothers, the Galbraith brothers, Mae Ross, Phyllis and Harris Legg and others.

New to San Francisco audiences are the inimitable Heinie Brock, the Thomas twins and Norah McCarthy. Brock does hilarious clowning and heckling with a fantastic style of skating which is one of the big hits of the show on its eastern tours. The Thomas twins are an amazingly identical pair whose duplicate skating feats have drawn them quick acclaim. Norah McCarthy was last year's Canadian senior champion and is rated one of the best skaters in the world.

Kiwanis Club Members Told of Spreading of Opium Habit by Japanese

A strong indictment of the deliberate spreading of the opium habit throughout the Far East by the Japanese was made before the Kiwanis Club yesterday noon by Hans Hoffmann, who spent 26 years in Cambodia, a part of French Indo-China halfway between Hongkong and Singapore.

Much of the collapse of the natives before the Japanese war drive down the Malay Peninsula was due to their slavery to the drug, the speaker declared. By contrast, he pointed to the Filipinos, who have co-operated with the United States government in keeping opium out of their commonwealth, and therefore were better fitted—both mentally and physically—to fight for their freedom.

Hoffmann is a member of the San Leandro Kiwanis Club, which met with the Redwood City group in an inter-city meeting. Martin J. Flynn, local president, was in charge of the meeting, while the speaker was introduced by William A. Strothers, president of the visiting club.

"The Inalienable Dream" was the subject of Hoffmann's talk, and he traced the development of the theory of everyone's "inalienable right to life, liberty and the pursuit of happiness" from 1765 to the present.

The willingness of the United States to give to the Filipinos their rights is another reason for their gallant fight alongside American soldiers, the speaker pointed out. The British, French and Dutch administrations, refusing to grant similar rights to their colonies in the Far East, failed to gain the voluntary loyalty of their subjects which would have proved so valuable in recent months.

"Failure to stop the opium triffic, a double standard in legal and judicial rights for natives and whites, and intolerance of the native religious beliefs have all been factors in the downfall of European rule in the Orient," Hoffmann declared.

Hoffmann described the people and customs of Cambodia, declaring that they were the happiest race he had ever known.

"They do not worry about economic or social security," he said. "They live only for the present moment, and for emotional security. They cannot understand the worries and cares of the white man. Their Buddhist religion—which is built around the three principles of Poverty, Chastity and Obedience — teaches them a mental and spiritual calm which will enable them to survive the war today in better shape than will most of us."

Cat Bites Veterinarian

Dr. Luke Sinclair, a Palo Alto veterinarian, is today undergoing treatment for rabies as the result of a cat bite suffered in his animal hospital May 23.

Bitten on the finger by a cat owned by Mrs. George Sandy of 133 Atherton Ave., Atherton, which was being treated for pneumonia, he first treated the bite himself and then went to a Palo Alto physician.

Reports reaching the office of Dr. C. C. Gans, county health officer, from the University of California in Berkeley today stated that the cat had died from rabies. Dr. Sinclair had sent the cat's head there after it had died.

SPECIAL VALUES FOR A Long MEMORIAL DAY Week-End

INVITE

a member of our armed forces . . . sailor, soldier or marine . . . to your family outing this week-end . . . and you'll double your enjoyment of the double holiday.

Your Safeway, of course, is on the job with special prices on peanut butter, cheese, pickles, mustard, beer, plus the dozens of other things you naturally think of, at picnic time.

Don't forget, we Safeway folks are having a holiday, too . . . so shop early and avoid the rush.

WE CAN PROUDLY SAY—

our service may not be quite as fast

★ ★ ★

Our service may not be quite as fast as you've come to expect—for each day more and more Safeway men are joining the armed forces. We tell you this with pride and with the hope that you'll understand. For there isn't time to carefully train new people to take the place of experienced Safeway men. But our new people are all working hard to fill their shoes as fast as possible.

SAFEWAY

TIMES-GAZETTE

Established 1859
REDWOOD CITY, SAN MATEO COUNTY, CALIF.

D. E. O'KEEFE.....Owner and Publisher

Published Every Friday in Redwood City, Calif.
30 California St. Phone 2000

Subscription Rates: One year, in advance.....$1.00

Entered in the Post Office at Redwood City as Second Class Mail Matter under the Act of March 3, 1879.

Australia has about one-fourth of the world's sheep and accounts for one-sixth of annual wool production, the Department of Commerce reports.

Cuba, which formerly produced from 35 to 40 million cocoanuts, annually now has a yield of only from two to 3 million, says the Department of Commerce.

MENLO PARK NEWS

By D. E. O'KEEFE

Stanford University has acquired the Hopkins Estate here, it is said, contemplating erecting several buildings for school purposes.

★ ★ ★

Those who will visit Holy Cross Cemetery today will find it in splendid condition, the best it has been in many years and much work has been done there lately with funds collected for that purpose.

★ ★ ★

It is reported that another service station is to be started in Menlo Park. The village is overburdened with oil stations. However, one more won't make much difference.

★ ★ ★

The brick building housing the Menlo Hardware Store is being moved back 50 feet from the street to make room for the highway now approaching the town. With the exception of the Doyle building this is the last to be set back. The new thoroughfare will be completed to the Santa Clara County line within a short time.

★ ★ ★

It is rumored that a two-story building is to be erected at the corner of Oak Grove Ave. and the highway very soon. The upper story is to be used as a dance hall.

★ ★ ★

Ducca and Hanley of Palo Alto have opened a branch meat market in Menlo Park. The firm contemplates adding a grocery department shortly.

★ ★ ★

Mrs. Jennie Michel, a pioneer resident of Menlo Park, was buried from the Church of the Nativity Wednesday morning. Interment was in Holy Cross Cemetery, Colma. Mrs. Michel was born at Campbell, Santa Clara County, but came to this community as a child. She was held in high esteem in this locality where she had lived so long.

She is survived by her husband, Victor Michel, and the following children: M. Lorraine Michel, W. F. Michel, and Victor Michel. Other survivors are the following: brothers, F. W. Johnson, Menlo Park; Fred, Ralph and Alfred Johnson of San Francisco; sisters, Mrs. Frank Andrews, Mrs. Thomas Tuite, Redwood City.

★ ★ ★

Palo Alto Parlor 229, NDGW, will give a card party Tuesday evening in Native Son's Hall, Palo Alto.

Poppy Sales Net $500 in Redwood City

Almost $500 was netted in Redwood City last Friday and Saturday from the sale of crepe paper and cloth poppies sponsored by the local American Legion and Veterans' of Foreign Wars organizations.

The American Legion group sold more than 1700 poppies netting approximately $185. This group opened its sales Friday morning and closed them Friday noon, after selling out all the poppies it had on hand. Mrs. Floyd D. Granger chairmaned the saleswomen.

The six women displaying poppies for the VFW organization sold 2750 poppies, earning $283.25. This sale lasted all of Friday and Saturday. Some of the poppies were sold in Woodside with the aid of the Boy Scouts and the local USWV unit. Mrs. Harry J. Miller was in charge of VFW sales.

Gasoline to permit travel of 400 miles monthly is the basic starting point of a rationing system in the Union of South Africa, the Department of Commerce says.

Davies-Firestone Store Adds Paint Department

A paint department featuring Firestone paints, enamels and varnishes was added today to the ever expanding merchandise display in the Davies-Firestone home and auto supply store.

According to Manager A. H. Davies, the section will feature a wide variety of paints for all uses. Judson W. Mak, who has active charge of the Firestone supply store, said that the large paint shipment they have ordered to equip the new department will take care of local needs for a good many months. However, it is important, as residents will appreciate, to stock up on their home needs now while the supply is complete.

It was also pointed out that among the many attributes of Firestone paints are that they are easier to use, give better results and are made of the highest quality materials.

"We get finer, Lighter cakes with K C Baking Powder"
—Say Many Famous Home Economists

Cakes—cookies—biscuits—they're *all* better when you bake with K C Baking Powder.
For more than fifty years, K C's high quality has made it the choice of housewives and home economists alike. And the K C you buy today is an improved, modern, double-action baking powder—unexcelled for baking dependability.
K C is economical, too—*full 1 pound can costs only 15c.* For better baking *every time* get a can from your grocer today.

BAKING HINT NO. 49—*Better cookies are baked in shallow pan placed near top of oven.*

Hugh A. Wayne Takes Over As Advertising Manager

Hugh A. Wayne, who for the past four years has been assistant advertising manager of the Burlingame Advance, became advertising manager of the Redwood City Tribune this week. He succeeds Graydon S. (Don) Hurd when he assumed control of the Burlingame advertising department during the regular manager's illness.

Wayne is married and has a daughter, Suzanne. He and his family plan to make their home in Redwood City.

who left last week to accept a position in San Francisco.

Wayne's work in assisting with city-wide merchandising promotion events in Burlingame has received recognition from California newspaper organizations.

He attended Lowell High School and Heald's Business and Engineering College in San Francisco. His appointment to his new position is in recognition of his work during 1941

Eagles Sell $4345 Worth of Bonds, Stamps

The Redwood City Fraternal Order of Eagles, Aerie 418, sold $4345.35 worth of bonds and stamps at a sale on Broadway Saturday.

Royal Hodge was chairman of the sales committee. Others who aided in the sales were Richard O. Bell, Edward I. McAuliffe, John J. Owens, Evans A. Fletcher, C. L. White, Harold F. Anderson, Sam Alberson and William P. Hogan.

Redwood City Youth Is Aviation Cadet

Wayne L. Wells, a former pupil of Sequoia High School, is flying in the army air force advanced school at Foster Field, Victoria, Tex., according to word received here this week.

He attended Sequoia in 1933 and later Santa Montica Junior College and the Drew School before enlisting. Records at Sequoia show that as far back as 1932 he listed his ambition as being aviation.

Listed on Sequoia records as his parents are Mr. and Mrs. Cecil H. Wells of 272 Grant St.

AWAITS ASSIGNMENT

Ernest Hoffman, county road superintendent on leave for the duration, was in Redwood City this week awaiting assignment to army service. Until recently he was an instructor in civilian flying at Ely, Nev.
